II. Are you Ready for Police & Fire Contract Negotiations?

Could different contract provisions increase efficiency in your fire services? Is there a way to provide more effective policing, while lowering costs? And how much do your neighbors pay for police and fire protection? The answers to these questions can help you to better serve the interests of your local residents and businesses. And many of those answers

can be found through our Police and Fire Labor Data Service.

The League's Police and Fire Labor Data Service provides multiple resources tracking the trends in police and fire contract settlements.

Because we know how important and time sensitive this information is, we are releasing this data in two editions. Available now is the first edition, with all data that has been collected since January 2019; the second edition is expected to be available as early as March 2020, and will contain data collected after release of the first edition. Once the additional data for the second edition is available, it will be emailed automatically to all those that purchased the first edition.

The Police and Fire Labor Data Service is part of the League's Bureau of Municipal Information.

To order visit the League's website and [complete the order form](#).

III. Municipal Salary Guide Available

Let the New Jersey Municipal Salary Report help you prepare for your upcoming budget year. This valuable data includes salaries for over 40 municipal positions, and data for 244 municipalities. This digital publication is delivered as a Microsoft Excel Spreadsheet, allowing you to sort and compare data according to your municipality's needs. The data was gathered from a recent survey conducted by the League. [View the full list of positions and municipalities](#) included in this report on the League's website.

For pricing and ordering instructions, please [visit the League's website](#).
