WWW.IBEW102.ORG

President's 2022 Conference Welcome

Welcome to the 107th Annual Conference of the New Jersey State League of Municipalities. We are so pleased to return once more for an in-person Conference and look forward to seeing you in Atlantic City for our 2022 Conference.

The theme of the 107th Annual Conference is "Building for Tomorrow." When you've been around 107 years, you could say that you're always building for tomorrow. Building for what lies ahead is an ongoing process, but following the pandemic and all that ensued, there is a renewed focus on building and rebuilding our infrastructure, be it in transportation, water and sewer, energy,

broadband, etc.

As we move through and past the pandemic, new challenges and new opportunities await us—building for tomorrow truly begins today. This Conference promises to be unique from any other. But as always, the League Officers, our Executive Board, League staff, and leadership of our affiliate organizations have worked hard to deliver the same high-quality educational sessions and learning experiences that have been the hallmark of every Annual Conference for over a century.

On behalf of the League's Officers, Executive Board, and staff, I want you to know how much we appreciate all you do throughout the year to hold true to your duty to your fellow citizens and the sacrifices you make for the good of others. Every day you serve in municipal government, you make those sacrifices out of love for your hometowns. Of course, we thank you for that.

We also thank you for committing this week to learning as much as you can to make your hometowns the best that they can be.

Sincerely,

William Pikolycky, NJLM President
 Mayor, Woodbine Borough

League Stands By

Code of Conduct for 2022 Conference

This Code of Conduct outlines our expectations for all those who participate in League meetings and events, as well as the consequences for unacceptable behavior.

This policy applies to any “participant” at League of Municipalities (NJLM) events, including but not limited to staff, contractors, vendors, exhibitors, venue staff, members, presenters, and all attendees. We expect all participants to abide by this Code of Conduct in all venues at NJLM meetings and events, including ancillary events and official and unofficial social gatherings.

The League intends to maintain a welcoming professional atmosphere in all aspects of the Annual League Conference. To that end, conduct that violates this Code should not be tolerated by anyone who witnesses it, or is subjected to it.

Professional conduct includes using care in words that you choose. Harassment, even harassment that a person believes is a “joke,” is unacceptable behavior. Sexist, racist, and other exclusionary jokes are unacceptable and offensive to those around you. Excessive swearing and offensive jokes are not professional behavior and violate the League code of conduct. Retaliation for reporting harassment is a violation of the Code of Conduct.

Examples of Unacceptable Behaviors and Conduct:

- Intimidating, harassing, abusive, discriminatory, derogatory or demeaning speech or actions.
- Harmful or prejudicial comments or images related to gender, gender identity, gender expression, sexual orientation, race, ethnicity, religion, disability, age, appearance, or other personal characteristics.
- Deliberate intimidation, stalking or following.
- Harassing photography or recording.
- Sustained disruption of talks or other events.
- Unwelcome and uninvited attention or contact, including unwelcome touching or groping.
- Assault.
- Real or implied threat of harm including physical, professional, or financial.
- Advocating for or encouraging any of the above behavior.

Participants engaging in unacceptable behavior are subject to responses deemed appropriate by the League including but not limited to: verbal warning, removal from NJLM events, prohibition from attending future events, notifying the offender’s employer. If you are subjected to, or witness such behavior, contact League staff. All reports are confidential to the extent permitted by law.

To Report Unacceptable Behavior – All Reports Are Confidential: During the Annual League Conference, contact the League at 609-695-3481. League Staff will direct you to a trained person who will assist you. Your report and any assistance provided will remain confidential to the extent permitted by law.
