Federal Regulations and State Law Impacting Siting of Wireless Facilities Webinar
December 2, 2020
10:00am-11:40pm
Your Computer

The law continues to develop around small wireless facilities (small cells) and macro sites nationwide. This year, the FCC came out with new and further preemptive rules that apply to collocations on macro and small cell sites. The 9th Circuit issued a split decision on the appeal of the FCC's 2018 small cell rules. And a bill that would preempt local control is pending in Trenton. This webinar will address the current state of the law, litigation updates, and practical suggestions for regulatory oversight of wireless facilities.
