Welcome to the 106th Annual League Conference

November 16, 2021

Dear Conference Delegate:

Welcome (and welcome back!) to your New Jersey League of Municipalities' 106th Annual Conference – the largest municipal conference in the country. And thank you for taking the time and making the effort to attend this most informative gathering of diverse public servants in our nation's greatest state!

Our theme this year is *Creating Your Legacy*. Over the past 20 months we have faced once-in-a-lifetime challenges, which have cost lives, uprooted our lives and will leave a mark on how we proceed. How we dealt with those challenges and, more importantly, what we do next is our legacy to future generations. We hope that what you learn the next three days prepare you for your own legacy.

We have heard so many of you express regret over the lost opportunities and the inability to interact with each other again. The League's Conference provides us with that opportunity engagement, perhaps now with physical distancing while maintaining social interaction.

From the seminars and workshops, to the exhibit floor, to our personal conversations with friends and colleagues facing similar challenges and striving to grasp every opportunity to improve our towns by sharing our insights and increasing our understanding of the work we do at home. We hope these three days offer you not just a perspective on the pandemic but a focus for the future.

On behalf of the League's officers, Executive Board and staff, I thank you for participating in this important event. Your public service has never been as important as the last two years. Perhaps too often we underestimate and do not appreciate the legacy we create. Instead, let's embrace the opportunity, learn our lessons from recent events, and craft and create a legacy for those who will follow.

Janice Kovach

NJLM President; Mayor, Clinton Town

League Stands by Code of Conduct for 2021 Conference

This Code of Conduct outlines our expectations for all those who participate in League meetings and events, as well as the consequences for unacceptable behavior.

This policy applies to any “participant” at League of Municipalities (NJLM) events, including but not limited to staff, contractors, vendors, exhibitors, venue staff, members, presenters, and all attendees. We expect all participants to abide by this Code of Conduct in all venues at NJLM meetings and events, including ancillary events and official and unofficial social gatherings.

The League intends to maintain a welcoming professional atmosphere in all aspects of the Annual League Conference. To that end, conduct that violates this Code should not be tolerated by anyone who witnesses it, or is subjected to it.

Professional conduct includes using care in words that you choose. Harassment, even harassment that a person believes is a “joke,” is unacceptable behavior. Sexist, racist, and other exclusionary jokes are unacceptable and offensive to those around you. Excessive swearing and offensive jokes are not professional behavior and violate the League code of conduct. Retaliation for reporting harassment is a violation of the Code of Conduct.

Examples of Unacceptable Behaviors and Conduct:

- Intimidating, harassing, abusive, discriminatory, derogatory or demeaning speech or actions.
- Harmful or prejudicial comments or images related to gender, gender identity, gender expression, sexual orientation, race, ethnicity, religion, disability, age, appearance, or other personal characteristics.
- Deliberate intimidation, stalking or following.
- Harassing photography or recording.
- Sustained disruption of talks or other events.
- Unwelcome and uninvited attention or contact, including unwelcome touching or groping.
- Assault.
- Real or implied threat of harm including physical, professional, or financial.
- Advocating for or encouraging any of the above behavior.

Participants engaging in unacceptable behavior are subject to responses deemed appropriate by the League including but not limited to: verbal warning, removal from NJLM events, prohibition from attending future events, notifying the offender’s employer. If you are subjected to, or witness such behavior, contact League staff. All reports are confidential to the extent permitted by law.

To Report Unacceptable Behavior – All Reports Are Confidential: During the Annual League Conference, contact the League at 609-695-3481. League Staff will direct you to a trained person who will assist you. Your report and any assistance provided will remain confidential to the extent permitted by law.

League Session – 409, ACCC

What power do municipalities have, or not have, to regulate solar under MLUL? Prior laws declared solar development an “inherently beneficial use” and the recent Dual Use law designates projects approved on working farms to be “permitted uses” under municipal zoning. What can municipalities do to prepare for and properly regulate solar development? This is a part of the Local Government Leadership Program (LGLP). **CMFO 1.5 Off Mgmt | CCFO 1.5 Off Mgmt | RMC 1.5 Prof Devel | LGLP 5.0 | Planning/Land Use/Zoning 1.25 Tech | NJCLE 1.5 | PACLE 1.0**
